15:2.8 6. *The Superuniverse*. Ten major sectors (about 1,000,000,000,000 inhabitable planets) constitute a superuniverse. **Each superuniverse is provided with an enormous and glorious headquarters world and is ruled by three Ancients of Days.**

15:2.9 7. *The Grand Universe*. Seven superuniverses make up the present organized grand universe, consisting of approximately seven trillion inhabitable worlds plus the architectural spheres and the one billion inhabited spheres of Havona. **The superuniverses are ruled and administered indirectly and reflectively from Paradise by the Seven Master Spirits.** The billion worlds of Havona are directly administered by the Eternals of Days, one such Supreme Trinity Personality presiding over each of these perfect spheres.

15:2.10 1) Excluding the Paradise-Havona spheres, the plan of universe organization provides for the following units:

15:2.11 Superuniverses	**7**
15:2.12 Major sectors	**70**
15:2.13 Minor sectors	**7,000**
15:2.14 Local universes	**700,000**
15:2.15 Constellations	**70,000,000**
15:2.16 Local systems	**7,000,000,000**
15:2.17 Inhabitable planets	**7,000,000,000,000**

15:2.18 Each of the seven superuniverses is constituted, approximately, as follows:

15:2.19 One system embraces, approximately	**1,000 worlds**
15:2.20 One constellation (100 systems)	**100,000 worlds**
15:2.21 One universe (100 constellations)	**10,000,000 worlds**
15:2.22 One minor sector (100 universes)	**1,000,000,000 worlds**
15:2.23 One major sector (100 minor sectors)	**100,000,000,000 worlds**
15:2.24 One superuniverse (10 major sectors)	**1,000,000,000,000 worlds**

15:2.25 All such estimates are approximations at best, for new systems are constantly evolving while other organizations are temporarily passing out of material existence.
