# CREATURE-SUPREME IDENTIFICATION

*The grand universe is not only a material creation of physical grandeur, spirit sublimity, and intellectual magnitude, it is also a magnificent and responsive living organism. There is actual life pulsating throughout the mechanism of the vast creation of the vibrant cosmos. The physical reality of the universes is symbolic of the perceivable reality of the Almighty Supreme; and this material and living organism is penetrated by intelligence circuits, even as the human body is traversed by a network of neural sensation paths. This physical universe is permeated by energy lanes which effectively activate material creation, even as the human body is nourished and energized by the circulatory distribution of the assimilable energy products of nourishment. The vast universe is not without those co-ordinating centers of magnificent overcontrol which might be compared to the delicate chemical-control system of the human mechanism.*

[UB 116:7.1 (1276:2)]

# CIRCLE OF ETERNITY

## The First Source and Center

Divinity is creature comprehensible as truth, beauty, and goodness; correlated in personality as love, mercy, and ministry; disclosed on impersonal levels as justice, power, and sovereignty. [UB 0:1:17 (34)]

## The Eternal Isle of Paradise

We speak of that surface of Paradise which is occupied with personality activities as the upper side, and the opposite surface as the nether side. The periphery of Paradise provides for activities that are not strictly personal or nonpersonal. The Trinity seems to dominate the personal or upper plane, the Unqualified Absolute the nether or impersonal plane. We hardly conceive of the Unqualified Absolute as a person, but we do think of the functional space presence of this Absolute as focalized on nether Paradise. [UB 11:2.8 (1199)]

*I [a Universal Censor acting by authority from the Ancients of Days resident on Uversa] am of origin in the Paradise Trinity. I know the Trinity as unified Deity; I also know that the Father, Son, and Spirit exist and act in their definite personal capacities. I positively know that they not only act personally and collectively, but that they also co-ordinate their performances in various groupings, so that in the end they function in seven different singular and plural capacities. And since these seven associations exhaust the possibilities for such divinity combination, it is inevitable that the realities of the universe shall appear in seven variations of values, meanings, and personality. [UB 10:2.8 (110:6)]*

## Superuniverse

# Executive Sphere of the Infinite Spirit

# Force-Focal Headquarters

## THE SEVEN ABSOLUTES OF INFINITY

The First Source and Center, who is Father to the Eternal Son, is also Pattern to the Paradise Isle. He is personality unqualified in the Son but personality potentialized in the Deity Absolute. The Father is energy revealed in Paradise-Havona and at the same time energy concealed in the Unqualified Absolute. The Infinite is ever disclosed in the ceaseless acts of the Conjoint Actor while he is eternally functioning in the compensating but enshrouded activities of the Universal Absolute. Thus is the Father related to the six co-ordinate Absolutes, and thus do all seven encompass the circle of infinity throughout the endless cycles of eternity.  
[UB 104:3.13 (1147:5)]

## THE SECOND TRIUNITY

### - The Power-Pattern Trinity -

Space-stage architecture, determining the patterns of cosmic configuration

In religious experience, creatures make contact with the God who is love, but such spiritual insight must never eclipse the intelligent recognition of the universe fact of the pattern which is Paradise. The Paradise personalities enlist the freewill adoration of all creatures by the compelling power of divine love and lead all such spirit-born personalities into the supernal delights of the unending service of the finaliter sons of God. The second triunity is the architect of the space stage whereon these transactions unfold; it determines the patterns of cosmic configuration. [UB 104:4.24 (1149:12)]

## THE FOURTH TRIUNITY

- The Triunity of Energy Infinity -

The fourth triunity absolutely controls the fundamental units of cosmic energy and releases them from the grasp of the Unqualified Absolute in direct proportion to the appearance in the experiential Deities of subabsolute capacity to control and stabilize the metamorphosing cosmos. [UB 104:4.24 (1149:12)]

## The Evolution of the Immortal Soul within the Mortal Mind

– Coordination with Spirit, Unification by Personality –

## UNIFICATION OF REALITY SYSTEMS IN THE LIFE EXPERIENCE OF THE EVOLVING CREATURE

# SUPREME UNIFICATION

# TRIODITY-DRIVEN GROWTH OF THE SUPREME

Any consideration of the growth of the Supreme must give consideration to the existential trioidities, for they encompass all absolute actuality and all infinite potentiality (in conjunction with the First Source and Center). And the evolutionary Supreme is the culminating and personally volitional focus of the transmutation—the transformation—of potentials to actuals in and on the finite level of existence. The two trioidities, actual and potential, encompass the totality of the interrelationships of growth in the universes. [UB 115:4.1 (1264:0)]

## Power-Personality Synthesis

The experience of every evolving creature personality is a phase of the experience of the Almighty Supreme. The intelligent subjugation of every physical segment of the superuniverses is a part of the growing control of the Almighty Supreme. The creative synthesis of power and personality is a part of the creative urge of the Supreme Mind and is the very essence of the evolutionary growth of the Supreme Being. [UB 116:1.1 (1268:6)]

## CREATURE-CREATOR SYNTHESIS

In the persons of the Supreme Creators the Gods have descended from Paradise to the domains of time and space, there to create and to evolve creatures with Paradise-attainment capacity who can ascend thereto in quest of the Father. This universe procession of descending God-revealing Creators and ascending God-seeking creatures is revelatory of the Deity evolution of the Supreme, in whom both descendents and ascenders achieve mutuality of understanding, the discovery of eternal and universal brotherhood. The Supreme Being thus becomes the finite synthesis of the experience of the perfect-Creator cause and the perfecting-creature response. [UB 117:1.2 (1278:7)]

# CREATURE-SUPREME IDENTIFICATION

The physical reality of the universes is symbolic of the perceptible reality of the Almighty Supreme; and this material and living organism is penetrated by intelligence circuits, even as the human body is traversed by a network of neural sensation paths. This physical universe is permeated by energy lanes which effectively activate material creation, even as the human body is nourished and energized by the circulatory distribution of the assimilable energy products of nourishment. The vast universe is not without those co-ordinating centers of magnificent overcontrol which might be compared to the delicate chemical-control system of the human mechanism. [UB 116:7:1 (1276:2)]

THE COSMIC OVERSOUL OF THE SUPREME BEING

Mortal man, being a creature, is not exactly like the Supreme Being, who is deity, but man's evolution does in some ways resemble the growth of the Supreme. Man consciously grows from the material toward the spiritual by the strength, power, and persistency of his own decisions; he also grows as his Thought Adjuster develops new techniques for reaching down from the spiritual to the morontial soul levels; and once the soul comes into being, it begins to grow in and of itself. ## God the Sevenfold

This sevenfold Deity personalization in time and space and to the seven superuniverses enables mortal man to attain the presence of God, who is spirit. This sevenfold Deity, to finite time-space creatures sometime power-personalizing in the Supreme Being, is the functional Deity of the mortal evolutionary creatures of the Paradise-ascension career. Such an experiential discovery-career of the realization of God begins with the recognition of the divinity of the Creator Son of the local universe and ascends through the superuniverse Ancients of Days and by way of the person of one of the Seven Master Spirits to the attainment of the discovery and recognition of the divine personality of the Universal Father on Paradise. ## **The Mortal Decision-Making Framework**

### **Personality: The unique bestowal by the Universal Father**

- Superimposed upon the living and associated energies of matter, mind, and spirit.
- Implies identity, self-consciousness, self-will, and possibility for self-revelation.

### **Mind: The combined human intellect**

- Material mind, the arena in which human personalities live, are self-conscious, make decisions, choose God or forsake him, eternalize or destroy themselves.
- Adjutant mind-spirits, the intelligence ministry to the lower and evolving levels of material minds.
- Cosmic mind, the contributor of faith-insight and spiritual intuition.

### **The Triune Spiritual Ministries: The attuned and symmetrical spiritual presences of the Father (Adjuster), Son (Spirit of Truth), and Spirit (Holy Spirit)**

- The Holy Spirit, the spirit of the Spirit, providing the inspirational ministry for choosing the spiritual presence of the Universal Father.
- The Spirit of Truth, the spirit of the Sons working in concert with the Holy Spirit, providing the enlightened ministry to teach truth (spiritual philosophy, wisdom of spirit realities).
- The Thought Adjuster, the indwelling spirit presence of the Paradise Father, everlastingly seeking for divine freewill unification of the ascending pilgrim with the freewill Paradise Father.

## THE MORTAL FRAMEWORK

### 1. The Human Body – material and electrochemical machine:

- Of animal nature and origin.
- Our material "vehicle" and the physical temple of God's indwelling.

### 2. The Mortal Mind – the thinking, perceiving, and feeling system of human experience:

- Manages and directs the human body.
- The fountainhead of mortal intelligence.

### 3. The Immortal Soul – the joint creation of the God-knowing mortal mind and the Father's indwelling divine spirit (the Thought Adjuster):

- The emerging "morontia" reality of spiritualizing mind.
- The evolving vehicle for surviving selfhood continuity.

### 4. The Freewill Personality – of primal source in the original person of the Universal Father:

- The one changeless reality in an ever-changing creature experience.
- The unifier of all the associated factors of individuality - the living and associated energies of matter (body), mind, and spirit (soul).

# PARADISE, HAVONA, AND THE GRAVITY BELTS

## THE OUTER GRAVITY BELT

The outer circuit of dark gravity bodies is arranged perpendicularly, being ten thousand times higher than the inner circuit. The up-and-down diameter of the outer circuit is fifty thousand times that of the transverse diameter. [UB 14:1:16]

### *The Central Universe of Havona*

The billion worlds of Havona are arranged in seven concentric circuits immediately surrounding the three circuits of Paradise satellites. [UB 14:1:9]

### *Circuit of the Worlds of the Spirit*

### *Circuit of the Worlds of the Son*

### *Circuit of the Worlds of the Father*

### *The Stationary Isle of Paradise*

## THE INNER GRAVITY BELT

The inner procession of dark gravity bodies is tubular in arrangement, consisting of three circular groupings. A cross section of this circuit would exhibit three concentric circles of about equal density. [UB 14:1:16]

The levels of progression are personal and variable for each individual and are apparently determined by the growth capacity of each human being. The conquests of these levels are reflected in adjuster attunement, soul evolution and Personality Reality.

## Universe Levels of Reality

The central universe is the creation of eternity; the seven superuniverses are the creations of time; the four outer space levels are undoubtedly destined to eventuate-evolve the ultimacy of creation. And there are those who maintain that the Infinite can never attain full expression short of infinity; and therefore do they postulate an additional and unrevealed creation beyond the fourth and outermost space level, a possible ever-expanding, never-ending universe of infinity. [UB 12:1.16 (130:2)]

The Universal Father, through the mechanism of evolutionary Deity, is actually engaged in the stupendous and amazing act of personality focalization and power mobilization, on their respective universe meaning-levels, of the divine reality values of the finite, the absonite, and even of the absolute. [UB 0:IX.3 (13:1)]
